Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-2: Brainstorm, Idea Listing and Grouping

The solution focuses on creating a centralized ServiceNow application to automate employee laptop requests. Key ideas include a simple request form, automated approval workflow, real-time status tracking, laptop inventory management, notifications, and reporting. These ideas are grouped into Request Management, Approval Management, IT & Inventory Management, Automation, and Reporting, providing an efficient end-to-end laptop request process.

Step-3: Idea Prioritization
